

Welcome Dr. John!

Dr. Rozas is proud to introduce her new associate, Dr. John Kempton.

Dr. Kempton will be joining our practice in August 2009. His exceptional dental knowledge and caring patient manner will be a strong asset to our dental team.

Dr. John Kempton

Dr. John Kempton knows kids. Growing up in a family of twelve children will do that to you! Born and raised on a farm in rural Arizona, “Dr. John” spent his formative years learning principles of hard work, cooperation, and flexibility that have made him a successful pediatric dentist today. As his siblings have married and the family now boasts over 50 nieces and nephews, he can rightfully claim that he has TONS of experience with children of all ages.

Dr. Kempton completed his undergraduate degree at Arizona State University where he received his B.A. in Spanish in December 2002. Fluent in Spanish, he then went on to earn his D.D.S. from the University of Iowa College of Dentistry in Iowa City, Iowa. He and his family officially became Texans in June of 2007, when they moved to Dallas for his residency training in pediatrics at Baylor College of Dentistry/Children’s Medical Center of Dallas. Dr. Kempton will receive his Pediatric Certificate and Master’s Degree in August 2009, and is thrilled to be joining Dr. Rozas’ dental team. He looks forward to serving the children in her practice and promoting the oral health of families everywhere.

In addition to helping children in the practice, Dr. Kempton is passionate about helping those less fortunate. He recently returned from a humanitarian aid trip to Honduras where he was able to provide dental work for underprivileged men, women, and children.

Dr. Kempton is currently an active member in the American Dental Academy, American Academy of Pediatric Dentistry, the Texas Academy of Pediatric Dentistry, the Hispanic Dental Association and the Greater Dallas Pediatric Dental Society.

He and his wife, Jessica, are the proud parents of three sons: Nate (6), Brad, (4), and Adam (1). In his spare time, Dr. Kempton loves to wrestle with his boys, wakeboard, snowboard, ride motorcycles, and work on his old Chevy truck.
